Spend all the day talking, who are you to criticize?  
You're filled with your frustration, now it's time to say  
goodbye

It's a wasted generation  
Throw the rock and hide the hand  
It's messed up in your mind  
It's messed up and you're blind!

Not in my life! You attack and I survive  
Now step behind, won't fight back to feed the fire  
Not in my life! Defense and no revenge  
Truth beats a lie

It's illusion, it's ambition  
It's the reason, keep this straight  
Like hard work with no advantage  
Needs to feat this ignorance

It's a wasted generation  
Throw the rock and hide the hand  
Unreal lives behind a mirror  
Desktop snakes, what you pretend

Spend all the day talking  
Who are you to criticize,

Not in my life! You attack and I survive  
Now step behind, won't fight back to feed the fire  
Not in my life! Defense and no revenge  
Truth beats a lie

And the growth, the hate growth is never ending  
When pressure is overwhelming  
I prove that I was right  
And the fight, the fight is never ending  
The envy is not surrendering!  
Illusion is our pride

Not in my life! You attack and I survive  
Now step behind, won't fight back to feed the fire  
Not in my life! Defense and no revenge

Truth beats a lie

And to blame is just a waste of time  
There's no beginning, I don't see the end  
And the lies trying to suffocate  
United hearts, will never disappear
