I'm not perfect, I'm not good enough
But it's over, cut the broken wire.
I believed you, you believed me
The stupid things made, tears fallen away
I deceived you, you deceived me
Broken rules, broken time, it's over it's fine.

It's been a really hard decision, I won't get back
If you miss me, just forget it, it's over now
We both know, we must go,
Different directions, each one goes alone!

And tomorrow no more sorrow
No more lies to say
Break all letters, all my letters
Keep the best of all we've

Said, last half of year
But it's over, we'll remain as friends.
You'll be stronger, I'll be stronger
Destiny wants us free, no more you and me
You'll discover, I've discovered
How well I'm right now, without you around

And tomorrow no more sorrow
No more lies to say
Break all letters, all my letters
Keep the best of all we've... spent
