Check out the one to groove an it's time to move on
time to swing (pump pump it)
Everybody kicking to the bassline hittin it wont be
missin open your eyes and listen.
don't hold back the feelin coz this is something gonna
push you to the ceiling
it's a rhythm train so get on it ya feelin cooped up a
then lets get flowin it now.
Diddly diddly de bop bop I just wont stop, the tasty
rhythm bouncin from da bottom to da top,
Coz it's just like this you see, not complicated in fact it's
very elementary simple easy just like this,
So it's time to rev up time to unwind, it's time to get
loose, and it's time to grind not till I heard Ricardo bust
da reminda.

Gimme 1, gimme 2, gimme 3 4 5 (1 2 5 4 5 come alive)
Gimme 6, gimme 7, gimme 8 9 10 (6 7 8 9 10 come
again].

Ahhhhhhh, here comes the nappy dread eyes dem red
pass da bread
Lyrically ma flows on point I'll be smashin heads daily
coz every time I drops ma skill
See if ya head don't move Im sure ya body will I gets
iller than King Kong step into Godzilla
Surprise surprise but my name aint Cilla Black
So you d better back up off me, check your self bog
and go grab a coffee,
Size with da dark brown eyes . I can make you dance
for days and make ya whole world capsize,
With ma deep psychotic flavours Ive rapped up more
joints this gear than Riz La papers
And it don't matter none here comes the funking one
do what ya wanna do when I get through with bombing
Yas thanks to N-trance and Jerome, Ricky Ricky's on a
blinder with my funky dope reminda.

Na na na na na now I got da feelin I gots da moves
keep movin ma feet, to the funky grooves,
Keep doin it right and get to the left, everybody get
down, work up a sweat,

Call it science defiance electrical appliances, death
defyin when it comes to the pay day,
We keep movin and there's nothing to sag yeah were
movin and were wreckin and were waitin to play hey
So lets go crazy lets go wild, just me and the crew
callin out new styles
No time to wait, no time to lose, don't need no drugs,
don't need no booze,
??, from late at night
until the early dawn,
Just you know the cue come on, come on, come on,
come on don't stop it lets rock it.
