Won't you take me to a party  
There's music in the air  
I'm gonna dance all night  
Out there without a care (yeah yeah yeah)  
I don't wanna ever leave here  
You know you make me feel so good  
Until the morning sun  
I'll give you all my love.

Do you wanna rock [Oh whaa oh, oh, oh]  
I wanna feel the sun shine down on me  
Do you wanna rock (Oh whoa oh, oh, oh)  
We can be together dancing forever  
Do you wanna rock [Oh whaa oh, oh, oh]  
I wanna feel the sun shine down on me  
Do you wanna rock (Oh whoa oh, oh, oh)  
We can be together dancing forever

Can I get a little higher  
What do you do to me  
You are the only one  
That gives me energy (yeah yeah yeah)  
Let me show you how I'm feeling  
Because I've got to let you know  
Come on and lift me up  
So high I can't let go.
