Strike back !

(Oh, yeah!)

Do you feel the energy inside your body ? (Oh, yeah)

Can you feel the music, oh don't ever lose it

(Yeeeeeeah)

Turn up the power everybody

Turn up the power (uh uh) and dance with me

Turn up the power everywhere

Turn up the power. Oh yeah, yeah, yeah, yeah

Throw the switch, start it up

I made you move now you come unstuck

You're pullin' the levers, watching them dials

The time has come for the madman's smiles

Activated, generated

Breathin' life in the mind he created

Knockin' you back with a beat you can't stop

Gonna rock, gonna rock 'til you drop

I'm the taker, you're the maker

Like a T-1-K I'm the new terminator

They came down to belong to the sound

Keep the S. L. spin, spinning 'round and around

Another question without an answer

Who created the ultimate dancer

Energy for you to devour.

Yeah, turn up the power

(Oh, yeah)

Do you feel emotion singing with devotion (Oh, yeah)

Can you feel the pressure always gonna getcha

(Yeeeeeeah)

In demanding, I'm commanding

Once you summer fall lead you understanding

Don't hesitate 'cause I know what you mean

You dance to the rhythm of another machine

Look in my eyes, they hypnotize

A logical brain the lives and never lies

Made by man, destroyed by the enemy

Is it a vision of high technology

Heartbeat gettin' faster

Disobey the order of your master
No command you, no heart and soul
Have I lost my grip, am I losing control
Malfunction, mass corruption
All in all, a countdown to destruction
Set your body in a final hour.
Yeah, turn up the power

Do you feel the energy inside your body. Oh, yeah
Can you feel the music, oh don't ever lose it. Oh, yeah
Do you feel emotion singing with devotion. Oh, yeah
Can you feel the pressure, always gonna getcha. Yeah
