"Be With You"

Visit "[Be With You](#)" on MotoLyrics.com

You see, there's this one type of woman that I love
She gotta be from heaven, angel sent from up above
She knows what she wants, she ain't afraid to get it
And when she plays shy, she's still confident to fit in
See, I'm the type of dude who can seem a little picky
And I'm from a small town south of Auckland City
If you're that kind of lady, then don't try to fight it
'Cause I wanna talk to you, come and sit beside me

(You want me in the summer)
We'll hit the beach if you love it
Swim or just chill if you wanna
(You want me in the fall)
We'll let the gentle winds blow
Wait for the sunset, it takes its toll
(Or in the springtime)
We'll take a walk for an hour
Let my garden bloom while I pick your favourite flower
(Or in the winter)
Hold hands if you want
Keep your body close 'til the temperature is warm

[Chorus]
Yeah, you need to know
I wanna be with you all year long
I just wanna be with you
Tell me, can I be with you (Girl)
Your smile's what gets me through my day
You chase my blues away
Oh, I just wanna be with you
Oh, can I be, oh, can I be with you

There are so many women in this world
A variety to choose from to find that special girl
S.A. to Philippines, Spanish, Hawaii
Kiwi to Asian, I'm searching for wifey
Skinny or curved (Yep, I like 'em all)
Hair straightened or curled (Make-up or none)
Your presence is unique, attracted you to me
If I'm moving too fast, I'll back it up slowly

(You want me in the summer)
We'll hit the beach if you love it
Swim or just chill if you wanna
(You want me in the fall)
We'll let the gentle winds blow
Wait for the sunset, it takes its toll
(Or in the springtime)
We'll take a walk for an hour
Let my garden bloom while I pick your favourite flower
(Or in the winter)
Hold hands if you want
Keep your body close 'til the temperature is warm

[Chorus]

Yeah, you need to know
I wanna be with you all year long
I just wanna be with you
Tell me, can I be with you (Girl)
Your smile's what gets me through my day
You chase my blues away
Oh, I just wanna be with you
Oh, can I be, oh, can I be with you

Will you be mine, oh yeah
Even on cloudy days, mmm
'Cause you know that I'll always be yours, oh
You're never too far away, oh
Help me sing it one more time

Will you be mine
Yes, oh, tell me, will you be mine, baby
Even on cloudy days
Even on cloudy days
You know even on cloudy days
'Cause you know that I'll always be yours
You know that I'll always be yours, oh
You're never too far away
Never too far away
Never too far away, baby

[Chorus]

Yeah, you need to know
I wanna be with you all year long
I just wanna be with you
Tell me, can I be with you (Girl)
Your smile's what gets me through my day
You chase my blues away
Oh, I just wanna be with you
Oh, can I be, oh, can I be with you

[Chorus]

Yeah, you need to know
I wanna be with you all year long
I just wanna be with you
Tell me, can I be with you (Girl)
Your smile's what gets me through my day
You chase my blues away
Oh, I just wanna be with you
Oh, can I be, oh, can I be with you
