Everything was so fine at the first when I met you,  
Holding your hands,  
tell the world this gonna be the one cuz I'm not  
playing around

I never see the shadow when I'm with you, it's  
all bright, it's alright till you decide to leave this  
love without the fight

All of this time you play innocent  
Now I know it don't make any sense

And I don't wanna wasting my time with you  
Wasting my life with you,  
Wasting my love for you,  
Waste anything with you

We'd never gonna get along no more, I convince  
you this

After all the pain you've drawn inside and all the lie  
that has been said

Now look what you did, what you have done,

will you give a shit? Stop your acting cuz we know no  
one believes in you

Off all the things that I have lost,  
I can tell that I miss my mind the most

Cuz I don't wanna wasting my time with you  
Wasting my life with you,  
Wasting my love for you,  
Waste anything with you

Off all the things that I have lost,  
I can tell that I miss my mind the most

Cuz I don't wanna wasting my time with you  
Wasting my life with you,  
Wasting my love for you,

Waste anything with you

Cuz I donâ€™t wanna wasting my time with you  
Wasting my life with you,  
Wasting my love for you,  
Waste anything with you!!
