You're always sticking your nose into my life I wish you  
would leave me alone  
Why can't you just shut your mouth and keep your mind  
off my life and onto your own  
Why can't you leave me alone, I don't want your  
goddamned help  
I don't recall asking you to stick your nose in my life  
Why can't you mind your own fucking business leave  
my life alone  
Tis is my life to live  
Maybe I've got problems but I've also got a mind to  
selve them by myself  
I don't want to hear your answers they don't apply so  
just keep them to yourself  
Take your help and shove it you don't have all of the  
answers I have some as well  
I tell you right now if you don't stop you'll put me inside  
of a hite padded cell
