Taking in all I can see  
I can't see what's ahead and I don't want to see what's  
lying behind  
No way out, no way to stay  
My reason is blind, my reason is blind, yeah

Always claim the road revenge  
But the cry for vengeance only seems to lead to spilling  
more blood  
Who can say how it began  
What really counts is that nobody can say how it will  
end

You live in hell  
You create hell  
I ask you why  
You say, ?I don't know?

All your brooks they speak of peace  
But, murder and death seem to be the only things you  
want done  
Must be something out of Kafka's dreams  
A never ending cycle of blood, yeah

Making men killing machines  
Whose only goal is to add to the rising body count  
You claim to kill in the name of god  
For a god of peace he seems to revel in the seasons of  
blood

You live in hell  
You create hell  
I ask you why  
You say, ?I don't know?

Never think about the end  
It is easier to hate than to live on in peace  
Unleashed a violent rage  
You don't seem to mind and you don't seem to need a  
good reason why

Looking for someone to hate

I see these lives I see too many lives wasted this way  
All your leaders, they are the same  
Now one seeks peace, not one seeks peace, no

You live in hell  
You create hell  
I will ask you why  
You say, ?I don't know?
