Me and a buddy Joe were hanging...
Out in a bar the other night
And we got into this little argument
With some people with short hair
And they called us a bunch of long haired assholes
I thought that was kind of unfair
Well people with short hair and business suits
The caused the S&L disaster
We'll be paying for that for the rest of our lives
But I'm a long haired asshole I'm a long haired asshole
Well people with short hair and business suits
The run the CIA
They break the laws they're suppose to protect

The laws they're suppose to obey
And people with short hair and business suits
They run all organized crime
They dress real neat and smell real sweet
Well people with short hair and business suits
Are responsible for all these disaster
But that don't change the way they walk
Lord, I'm still a long haired asshole
I'm a long haired asshole
