One last song, with the strength to carry on. Tonight we
burn it down.

You think that you control this, you can't control
yourself

Young lover's apparitions are raising hell.

For all those dreams are becoming clearer, tonight we
burn them down.

Lovers ending dreams, live inside your means, don't
you dare face scenes.

Turn roses black and watch them bleed.

Let me break this down. you can't rule my life,
sabotage my dreams, bitter hate and lies

Brace yourself cause, shit ain't like that

All these dreams are becoming clearer, tonight we
burn them down.

She'd never lie?

Don't put your trust in time won't stop the bleeding.

Don't wait for time won't stop the bleeding. Don't
put your trust in Time.

One last song, with no chance to carry on. Now walk to
the night.

We may never meet again, but I will always keep your
name.

Give me one last song.

There's no holding back now, this heart beats forever,
be A man, stand Up

Don't you lie to my face

There's no holding me back now, be a man and grow
a fucking spine

There's no holding back now, this heart beats forever,
be A man, stand Up

Don't lie to my face

Be a man, stand up, don't lie to my face
