Exist in a world plagued with hatred and violence, your
human morals have fled underground.
Never witnessed such impossible beings, criticised for
getting nowhere.
Shot down, face down, struggling to breathe. Reality is
sinking in and there's no turning back
Normality is making it so hard to achieve. Get out of my
face, you get out of my face.
Now, my anger is blowing out. I can't find a way
around. There's no way around.
Reality is sinking in there's daggers in my back, my
punctured lung is making it so hard to breathe
They keep getting in my way.
These obstructions are daring me to, yeah they're
telling me to live my life like I'm...
These obstructions are daring me to, yeah they're
scaring me to live my life like I'm dead
I'm living my life like I'm dead, like I'm dead, I'm
living my life like I'm dead.
Now the skies have come crashing down, your bodies
will not be found.
A wish beckons their dreams, their souls were lost at
sea.
We are the misery, obstructions cannot foresee.
