Run through the hills screaming murder, can't escape
what you can't see.

We live in murderous times, run through that house
with a vengeance,

You know what they get, consequence was the last
thing on my mind.

Cause you will pay, with your lives, you'll fucking die.
Die.

Keep running your mouth cause you will pay,
vengeance is mine.

Cause I'm shutting you down, yeah you will pay,
vengeance is mine.

Run through that house with a vengeance, you hold no
regrets.

Consequence was the last thing on my mind, cause you
will pay, with your lives

You'll fucking die. Die. Keep running your mouth,
cause you will pay.

Vengeance is mine, I'm shutting you down, yeah you
will pay, vengeance is mine.

You better watch out, cause I'm calling you out and
knocking you out.

In this moment, the life slips from you and I can't
figure out just what we both fight for.

I tear out your heart and I throw it away, you lean the
hard way when you're

Smashed into pieces and spread out all over the floor.

Murderer, you murderer.

Don't look back cause I'll smack you down these are
the murderous times.

Don't look back, to me.

In this moment, the life slips from you and I can't
figure out just what we both fight for.

I tear out your heart, crush it and throw it away, you
lean the hard way when you're

Smashed into pieces and spread out all over the floor.
