No your making the same mistakes,
over and over again.
Think before you open your mouth,
as fate will be judged by your worth.
This isn't over yet.

Follow your eyes leading straight to the sun,
burn them down.
Follow your eyes leading straight to the sun,
burn them.

Hearts of the fallen,
Listen to these words.
I made you.

Fallen stars making worlds,
break off your map and find the truth in them.

All i hear is pain and suffering all over the world,
I cant believe this is it,
theres gotta be something else,
theres gotta be something more.

Breathing in a new lease of life.

Follow your eyes leading straight to the sun,
burn them down.
