Well i'm still dreaming, of a better time, of a better
place

any excuse, to wash away,
any excuse to change these ways
embrace and remain
what i have become, become

too distant, for you to hear this
too wasted, to ever change
same place, same fucking day
over again, repeat

The mood starts to change when you know that,
we've been deceiving you.
So nows the time to let this roll out of your body,
and into the earth.

Well i am leaving, i'm leaving you
I've let this go, you've made your choice and i've made
mine
Its left behind, you've made your choice.

flush out the dark, in with the new
fell these lungs swell with air i never knew

Well i am leaving, i'm leaving you
I've let this go, you've made your choice and i've made
mine
Its left behind, you've made your choice.

so wasted, so young
but i'm leaving, i am gone
so wasted, so young
but i'm dreaming, but i'm gone
