We all reside, to falling in line, in form.
i've felt this earth shake, and i've done this before,
before.

Build these walls around your thoughts, forever alone,
forever alone.
But what else is there, to live for when we're all just skin
and bone.
All just skin and bone.

Give it a rest or give it away,
open your eyes to see the history.
Yeah just give it a rest of give it away,
you'll be the current that will send my thoughts to the
ocean.

But now you know the truth,
and you'll bury this under your feet.
Because the past is all you need,
and the future will laugh in defeat.

I'll feed the wolves, with our regrets.
Theres no time to fear the unknown.

Throw caution to the fire,
throw hope to the weak and tired,
throw all to the meaningless,
and we are moving forward.

Breathe this air.
