*[CHROUS:]*

From this day, I swear, my love will be good to you  
Into your eyes, I vow, that I will take care of you  
From now on, for life, I promise to see you through  
Side by side, hand in hand, you know I am here for you

As I gaze upon my mind, thinkin' 'bout the times we  
had  
When we were only just friends  
Nothin' else has touched my life, the way your lovin'  
has  
That's why I never have strayed from the thought

When I told you, I loved you  
Those three words, would always be there from the  
start  
And I promise, 'til the end of time  
That all your love, forever will stay in my heart  
*[CHORUS]*

You know I used to play around, never thought of  
settling down  
But that was then, this is now  
Baby now I realize, that love was always around  
But I just couldn't see it somehow

When you told me, you loved me  
I knew those words, were comin' straight from the  
heart  
Now I promise, 'til the end of time  
Nothin' in this world, will ever keep us apart

*[CHORUS]*

Baby see, I'm in love with you  
And the love in me's, got me wantin' you  
Stay with me baby, all your life

*[CHORUS]*
