First time I saw you girl,
You turn me upside down
I can't stop thinking bout you
My head is spinning round
I got to find away to get with you somehow
Girl I'm so crazy for you
You know I want you now
And everyminute of every single day
I'm dreaming of how it could be
And everynight before I go to sleep
I'm praying that soon you'll be here with me

[Chorus]

Heaven, heaven oh heaven can't you help
I looked in her eyes now she's all I see
Heaven oh heaven can't you help me
I'm down on my knees please help me

Cant fall aleep tonight
I don't know what to do
I hold my pillow but I wanna be holding you
And when close my eyes I always see your face
I know my happiness is only kiss away
And every hour here in the dark
Everyday of my lonely heart
Tells me that I need to be with you

Heaven oh heaven what can I do

[Chorus]

Heaven, heaven oh heaven can't you help me
I'm giving my love for eternity
Heaven oh heaven can't you help me
I'm down on my knees help me

[Instrumental]

Girl I'd give anything if you were here with me
Give anything you want and anything you need
I never thought that I could feel the way I do
But now I wanna spend the rest of my with you
And every day that we are apart

I'm shedding this love here in my heart
And everynight before I go to sleep
I'm praying that soon you'll be here with me

[Chorus]

Heaven, heaven oh heaven cant you help me
I looked in her eyes now shes all I see
Heaven oh heaven cant you help me
I'm down on my knees please, heaven

Heaven....*[repeat until fade]*
