One look in your eyes (I knew we..)
Two will always be together (and there are)
really the words that say it all
I love you

Never believed in love at first sight (first sight)
but I believe what I'm feeling tonight
Cause when I saw you across the room
I feel my heart go in boom boom boom
I love, I fell, so hard (so hard)
Girl I know you can tell
I'm hooked on you (I'm hooked on you)
Oh girl, you know I'm fallin for you because ...

One look in your eyes (I knew we)
Two will always be together (and there are)
three little words that say it all
I love you (I love you..)
Girl I realize
that I wanna be with you forever
So, say those three little words I wanna hear
I love you (I love you..)

I was waiting for a sign from you
hoping you feel the same way too
When you looked at me and smiled
My heart was goin' a thousand miles
I stopped, turn around (turn around)
I tried (I tried) to keep my feet on the ground
As I stepped to you (I stepped to you)
We touched, I knew you were feeling it too because ...

One look in your eyes (I knew we)
Two will always be together (and there are)
three little words that say it all
I love you (I love you..)

Girl I realize
that I wanna be with you forever
So, say those three little words I wanna hear
I love you (I love you..)

I know it's written all over my face
and girl you can believe it's true
that time can never erase
These feelings I have for you

One look in your eyes ..
One look in your eyes (I knew we)
Two will always be together (and there are)
three little words that say it all
Baby, I love you (I love you..)

Girl I realize
that I wanna be with you forever
So, say those three little words I wanna hear
I love you (I love you..)
