Girl, I cant believe you tried to play me for a fool  
I almost didn't see this one coming, you don't love me

(Chorus:)

Girl don't tell me no more lies  
Pertending that you're satisfied  
Baby, I know your loves not true  
Quit trying to play me for a fool  
Girl, you know that you were wrong  
You're here 1 minute & the next you're gone  
I'm not blind, baby, I can see  
So why don't you admit, you don't love me

You call me on the phone  
Saying you'd be late coming home  
You saying that your boss is making you work late  
But I don't believe it  
'Cause when I called your office  
So that I could speak with you  
You know what they told me  
They told me that you quit last week  
And how can you explain  
That when we make love..  
You calling out somebody else's name  
And when we kiss, your eyes are open wide  
And they can't hide what you're feel inside, baby

(Chorus)

I saw you on the streets  
At the place we were suppose to meet  
But you were with another man  
I couldn't believe it  
So I asked your friends  
Who the hell was he  
You know what they told me  
It was a guy that you met last week  
And now I can explain, why when we make love  
You calling out somebody elses name  
And when we kiss, your eyes are open wide  
And they can't hide what you feel inside, baby

(Chorus)

You played with my heart and tried to play me for a  
fool, yea  
And like the saying goes, what comes around comes  
around  
And one day, you'll know exactly how it feels

(Chorus)
