When I look at my life
and the seasons that change
The one thing that stayed is you

Just the beat of my drum
and I know that you'd come
Through troubles to carry me through

Chorus

You take me there
You take me there
You take me there
to the place where I can dream my dream
You take me there
to the places I would never have been
I'd be nothing without you

When it comes to that time
When the curtain comes down on me
I know you'll still be near

And as the roses all fade on the path that I made
And I can't see a way that's clear

Chorus

When I thought I lost the fight
You gave me the strength to carry on
In the dark you saw the light
and you make me strong

You take me there
to the place where I can dream my dream
You take me there
to the places I would never have been
I'd be nothing without you
