Welcome to HELL  
This is your worst dream  
Open your eyes  
Wake up with a scream  
Horror inside  
Between life and death  
Quick-growing pain  
Still holding your breath

Memories flow  
Flashing your mind  
Staring at them  
Like a movie with pride  
But don't be surprised  
When the tunnel will end  
There will be NO light  
And there will be NO friends

This is the place  
Where violence belongs  
It's all in your brain  
Damage explodes

He came for your soul  
He came for your life  
Take a look in his eyes  
Smell the blood on his knife  
You will never escape  
You've got nowhere to hide  
There's no place you can run  
Get ready to die!!

Memories flow  
Flashing your mind  
Staring at them  
Like a movie with pride  
But don't be surprised  
When the tunnel will end  
There will be NO light  
And there will be NO friends

This is the place

Where violence belongs  
It's all in your brain  
Damage explodes
