Game over. There are no rules in this game except win at any cost.

The time has come Once and for all You met your match You will fall

This little game we play is gonna break us down Only one of us can wear the crown It's not as easy as you thought it'd be When it's down to you versus me

I play rough I don't need to try You'd like to play me But the score never lies

Game over Game over Game over For now

Winnin' the game The only rule around No more good luck Or cheers from the crowd

When the game began you never thought you'd lose But your time is up I play to bruise You look around and find you've lost your team You tried your best but you ran out of steam I play rough I don't need to try You'd like to play me But the score never lies

You're all out of wishes Kiss your dreams goodbye The end's the same It's not whether you win or lose, it's How you play the game

Game over Game over Game over For now

Is that all you got? Come on! Uh uh! Bring it on!
