He was walkin' down the road of broken dreams
Since time had changed the way it used to be
He wouldn't turn around no matter what the cost
And no lookin' back on his loss

She'd spend her nights just sittin' by his side
She'd drown her pain within the tears she cried
They had said their first and last goodbyes
But now, everything's changed ...

Chorus

Julianne, now she's walkin' away and she cries
Julianne, what they meant they had said with their
eyes
Ain't it funny how your life can pass you by
One day you're born and then the next day you could
die
They had said their first and last goodbyes
But now, everything's changed ...

Chorus

Julianne, now she's walkin' around and she cries
Julianne, what they meant they had said with their
eyes
(He'll miss you) Julianne, to no answers there'll be no
replies
Julianne, but the feeling they had never dies
