I saw my girlfriend walkin' hand in hand
With my best friend, I couldn't understand
Whoa...

I will always love you, that's what she said to me
Livin' in this dreamworld, wasn't good for me
Whoa ...

See me cryin' ...

I did wake up this mornin', something said to me
Treat yourself so good man, make yourself so free
Whoa ...
Forget the angry silence, forget about the pain
Let the sunshine in your heart, find your tracks again
Whoa ...

See me smilin' ...

Life's too short for grief and pain, let nothing drive you
here insane
The best thing that we all can do, is to be yourself takin'
care of you

See me smilin' ...
