There's only so many mistakes I can take
There's only so many moods that I can fake
I shouldn't listen to a word that you ever say
And given half the chance I will be looking for another
way

What's the deal, what's the deal, what's the deal,
honey
What's the deal, what's the deal, what's the deal, tell
me
What's the deal, sleep is impossible now

What's the deal, what's the deal, what's the deal,
honey
What's the deal, what's the deal, what's the deal, tell
me
What's the deal, sleep is impossible now

I must admit that I did not take it well
And when you're telling the truth, I don't think that I can
ever tell
I was there and I saw you take the leap
And now it's taking over, take taking over your sleep

What's the deal, what's the deal, what's the deal,
honey
What's the deal, what's the deal, what's the deal, tell
me
What's the deal, sleep is impossible now

What's the deal, what's the deal, what's the deal,
honey
What's the deal, what's the deal, what's the deal, tell
me
What's the deal, sleep is impossible now

I want to get free, I want to break the spell
I'm sick of working out your logic and I hate when
I'm so tired, sleep is impossible now

You're looking rested, there's nothing on your mind
How's your broken sleeping patterns now you've

fucked up mine
I'm so tired, sleep is impossible now

What's the deal, what's the deal, what's the deal,
honey
What's the deal, what's the deal, what's the deal, tell
me
What's the deal, sleep is impossible now

What's the deal, what's the deal, what's the deal,
honey
What's the deal, what's the deal, what's the deal, tell
me
What's the deal, sleep is impossible now
