Snap the cane and take the blame,  
Tie it in a knot and swing again.  
Hope will rise and hope will fall,  
Gather your thoughts and make the call.  
Make the call, Make the call.  
Hope and Fade, Hope and Fade  
Hope and Fade, Hope and Fade

Snap the cane and take the blame,  
Tie it in a knot and swing again.  
Hope will rise and hope will fall,  
Gather your thoughts and make the call.  
Make the call, Make the call.

Hope and Fade, Hope and Fade  
Hope and Fade, Hope and Fade

Snap the cane and take the blame,  
Take the blame, take the blame,  
Snap the cane and take the blame,  
Take the blame, take the blame,  
Make the call, Make the call.

Hope and Fade, Hope and Fade  
Hope and Fade, Hope and Fade

Snap the cane, snap the cane....
