And what I saw today was more than I can take  
I'll say this honestly  
I was afraid  
And the pieces are coming together now  
But there's still just so many things to figure out  
This time there's so many things that I would want the  
world to take away  
This time it feels so right  
And it's time is done, it's time to run  
And it's all you have  
And it's all you have for now

Leave the past, there's nothing left  
And it's over now, I'll show you how  
And it's all you have  
And it's all you have for now

You know it 'cause you thought about it  
And when you sing about it, it's all right  
Don't be afraid to let it go(oh)  
And the pieces are coming together now  
But there's still just so many things to figure out  
This time there's so many things that I would want the  
world to take away

This time it feels so right  
And it's time is done, it's time to run  
And it's all you have  
And it's all you have for now  
Leave the past, there's nothing left  
And it's over now, I'll show you how  
And it's all you have  
And it's all you have for now

All this pain, it's a shame  
You never talk about it  
You know in so many words it's all right  
It's a game on your face, you know you can't deny it  
And now it's you in the dark until sunrise

This time it feels so right

And it's time is done, it's time to run  
And it's, it's all you have  
For now  
Leave the past, there's nothing left  
And it's over now, I'll show you how  
And it's all you have  
And it's all you have
