Don't go away yet  
I haven't felt this dead in years  
This room's full of people  
With drinks in their hands, and nothing but nothing to  
say

Don't go away yet  
It seems like everyone I love is gone  
I'm praying for some kind of change  
Nothing's changed, and nothing will change

Don't leave me now, you are the only thing left to  
believe in  
Don't let me down, you are the last thing that I feel  
complete in

Don't go away yet  
True love is dying off  
Where everyone is searching  
I'm just a face in the crowd

Said you wanted distance, this is what you get  
The distance was half near far enough  
(I could take it all if you come back, I dreamed of you  
and it came true)
