Make this right  
We're going to  
Don't you worry  
We're going to

All of the drawbridges  
In the city are upright  
(Upright)  
Nobody, not even you  
Can bring them down  
(Bring them down)

So cry about it  
It's in your mind  
It's in your way  
It's underneath your skin  
(Skin, skin)

I guess I was wrong  
The way I thought about you was right  
I guess it's alright

One in a million  
Chances are always on our side  
(Our side)  
We're looking for anything  
Anything to keep us alright, alright

The next time you find yourself in the water  
You hold tight  
(Hold tight)  
And why don't you ask yourself  
What you're living for  
(What you're living for)

So cry about it  
It's in your mind  
It's in your way  
It's underneath your skin  
(Skin, skin)

I guess I was wrong

The way I thought about you was right  
(Thought about you was right)  
So hold on, won't you hold on

One in a million  
Chances are always on our side  
(Our side)  
We're looking for anything  
Anything to keep us alright, alright

Happy, I just want to be happy  
With myself tonight  
(I was stronger, stronger)  
Happy, I just want to be happy  
With myself tonight  
I was stronger, stronger  
I was stronger, stronger

Make this right  
You've got to  
Don't you worry  
You've got to

Make this right  
You've got to  
Don't you worry  
You've got to

One in a million  
Chances are always on our side  
(Our side)  
We're looking for anything  
Anything to keep us alright, alright

Happy, I just want to be happy  
With myself tonight
