Could you be my answer?
Could you tell me that I am?
The perfect one for you
You're the perfect one for me

Could you be too faithful?
Could you show me anymore?
It's the perfect thing to do
It's the perfect thing for me

On and on I see you
The life that comes together
To see that were forever

Could you be my answer?
Could you tell me that I am?
The perfect one for you
You're the perfect one for me

On and on I see you
The life that comes together
To see that were forever

On and on I see you
The times we've spent together
The times that last forever
The times that last forever

And now we will find our way
The way that well find this day
And I know you belong to me

Could you lead me on?
Could you lead me on?
Could you lead me on?
