[intro]

I feel like jumpin' outta the auto
What I daily do is bravado
Walkin' alone a distance of 8 miles daily is junkado
So much loneliness has made me a ROLLING
DESPERADO
That's why I never know where I'm gonna go
I just spilled a bottle of Moscato inside my Tahoe
My life's dangling inside a tornado
Yea, and that's difficult to deal wit' I knw.....

[Verse 1]

Catch me on my DTB
Listenin' "Ice-Ice baby", screamin' Des.P til' I die
Like a full clip I'm lyrically too sick
Yea, My life's crazy shit so I can't live it to the fullest
coz' my privacy is violated every now and then and I
can't even live it once
So 'm thinkin' 'bout those bad, sad mistakes which I did
Wait, no, stop me here now before I commit a
crime.....(Fuck it)
Lemme tel' ya'll that beautiful, lil' babe's name coz'
shez kinda hottie
And I should not sound too throttie
when I speak it, Charu Sherawat,
But I wanna make you my permanent girlfriend!!!!
