As I slowly close my eyes
And drift away to sleep
Memories cross my mind
And I begin to dream
Happy, we both are
With each other's company
I have nothing to lose
You're always there for me
But then I wake up
And realize it was all a dream
How could I forget
We are now enemies

Hook
Dream
It was all a dream
Stargaze
A Figment Of my imagination
Dream
Of what could it be
What I want it to be
What would it be
It was all a dream
Dream
It was all a dream

You know the right things to say
You're the reason I am where I am today
The love you have for me
Is genuine and not a phase
You taught me to believe
Rather than run away
My best friend, my other half, my sense of security
But then I wake up
And realize it was all a dream
How could I forget
We are now enemies

Hook
I Don't wanna wake up
But I gotta face reality
It was all a dream
