Okay Stop (Stop) Roll (Roll)
Do it how you do it girl
Treat you like a queen, just like B
But you gotta show me that you really run the world
You can scratch my back, but just don't gimme no
hickies baby
You can kiss me, lick me girl, show me how much you
really missed me baby

[Hook]

Just go up, down, then from side to side baby
Up down, from left to the right baby
Yeah girl I know you wanna kiss me (Kiss me)
Just show me that you really missed me
So just dance, dance
Baby just dance, dance
I said just dance, Baby just dance
Yeah baby just dance
Oh dance baby

[D.Harmon]

Dance slow, then speed it up
We were having fun, two minutes later she said she in
love
She beautiful but like usual she doesn't get that I ain't
got time
She said but boy you fly, welcome on board, D. Airlines
Swagger so incredible and her body flexible, boy she
nice
I'mma stay professional, make it unforgettable, like last
night
Won't hide but catch me if you can girl
It never happened but it seems like I'm a fan of a fan
girl
Just do your dance girl, show me that you hot (Damn)
Take of them pants girl, hold on let me stop
Shawty, body like Nicki Minaj so I'm like aye voulez
vous coucher avec moi (Haha)

I swear I love the way she drop it low
I like it when she fast but she love it when it's slow
She was doing her thing, I said wow, calm down baby
girl, just go

[Hook]

Just go up, down, then from side to side baby
Up down, from left to the right baby
Yeah girl I know you wanna kiss me (Kiss me)
Just show me that you really missed me
So just dance, dance
Baby just dance, dance
I said just dance, Baby just dance
Yeah baby just dance
Oh dance baby

[C.Sheyn]

Stop like he said, stop like Dee said
Do it for the girls, so I stop like she said
I said I'm feeling these women and yeah they feeling
me too
I got a feeling that women want me to do what I do
Just break it down, show me what you promised
And just keep it going, love the way it sound
I'm loving what I see, now shawty make my head go
round and round
It's my town so you can roll with me
Dance with me if you wanna see the golden me
Just go up up up down, show me how you do it girl
Up up up down, playing and ain't losing girl
I'm wild, so she screaming save me
Shawty is in love cause I'm amazing baby

[Hook]

Just go up, down, then from side to side baby
Up down, from left to the right baby
Yeah girl I know you wanna kiss me (Kiss me)
Just show me that you really missed me
So just dance, dance
Baby just dance, dance
I said just dance, Baby just dance
Yeah baby just dance
Oh dance baby
