You gotta a scratch but you can't reach the itch
You try your best but you still need a fix
No where to go and you're losing your patience

You raise your fist and ya
You raise your fist but ya
You raise your fist and ya

You don't know why you're angry
You don't know why you're mad
A useless revolution
A lazy resolution

Ready to blow with a flick of the switch
You live your life but you can't please the bitch
You got it all but you can't find the meaning

You got it all and ya
You got it all but ya
You got it all and ya

Ready aim fire whatever

Ready blame fire whatever
