Sometimes you cry  
Sometimes it's a phone call that will change your life

A small empty voice  
Breaking the news  
Brace yourself and hold on to me

You plus me relentlessly  
We're taking on the future  
I'm not about to lose you

You plus me insanity  
Ride the storm before the calm

Sometimes it's real  
Sometimes it feels like a pre-recorded life

Sometime you might forget to breathe  
Use my lungs and breathe in with me  
Epitomize your life  
Eat you up alive  
Fascination ends

Feeling justified  
Be a hypocrite  
Witness the event

It's an endless straightaway  
Worship as you choose  
As you walk along the road  
It gets cold
