been thrown into the part
and don't know where to start
it takes a while to learn your lines by heart

and suddenly I see
my part was meant to be
I hope it never ends, in spite of me

it's strange how things collide
relax, enjoy the ride
it takes us where we both belong inside

I see it in your eyes
this comes as a surprise
don't look down, we're in the skies

I'm hoping for the best
I'm hoping to have you
I'm waiting for the rest
I'm waiting just for you
trust me when I say
trust me when I say it's all okay
trust me for today
I promise you I'll find some other way

it's easy to repent
at least to some extent
take your time and talk to your heart's content

and soon enough you'll see
we're both holding the key
to writing our own history

look into my eyes
I am in your corner
through all the lows and highs
