Hey Mr. War Machine  
Why do you talk down to me  
To convince me to support your cause  
But I know I'm not that blind  
Oh I know I'm not that blind  
Don't you know you're ruthless and mean  
Killing people, watching families greive  
Just to satisfy your own needs  
But the rest of us are not that kind  
Oh the rest of us are not that kind

Terror and bloodshed  
For oil, money and power  
Civilians and soldiers dead  
The numbers growing by the hour  
Bombs fall from the sky above  
The streets filled with fire  
The new commander in cheif  
He's got guns for hire

Another nation's sovereignty  
Violated by corporate greed  
And you say its just to keep us free  
But we know thats such a lie  
Oh we know thats such a lie  
Your propaganda on the TV screen  
You try to scare us, bring us to our knees  
And then you hide what you don't want us to see  
But the truth will come out into the light  
Oh the truth will come out into the light

You sit behind your office desk  
While the soldier fight and die  
But I know you'd never have the courage  
To join them on the frontlines  
Your words mean nothing at all  
Cause every word you speak is a lie  
And when God has his way with you  
Judgement day won't look so bright  
Hey hey Mr. War Machine  
Hey hey Mr. War Machine  
Hey hey Mr. War Machine

Hey hey Mr. War Machine
