This is for you  
Before this gets too serious  
Please don't get delirious  
And lose control

We should wait  
Try not to complicate this  
Signs that we might miss  
And lose the path

Do you see what I see  
When you look inside your head  
You're not inside me

You can't hold me down  
You can't take on me  
This is final now  
You're not inside me

You can't hold me down  
You can't take on me  
You're not inside me

This time round  
I think it's gonna be easy  
It doesn't take that much to please me  
As long as I'm alone

Do you see what I see  
When you look inside your head  
You're not inside me

You can't hold me down  
You can't take on me  
This is final now  
You're not inside me

You can't hold me down  
You can't take on me

Do you see what I see

When you look inside your head  
You're not inside me

You can't hold me down  
You can't take on me  
This is final now  
You're not inside me

You can't hold me down  
You can't take on me  
You're not inside me
