Visit "[BURNING AWAY](#)" on MotoLyrics.com

Satan your father
Has summoned you to die
The worms of rot
On wings of death you fly
Cadaver of Christ
Is lying at your feet
On his flesh we dine
The rancid holy meat

You're Burning Away

Holy God Burning Away
Ancient ways Burning Away
Tortured lives Burning Away
Bellowing horror
You're Burning Away
Tearing the Jesus
Christ from the holy womb
Building this coffin
For your unholy tomb
Prayers from hell
Cannot see the signs
Forever you'll burn
With the sinful kind

You're Burning Away
