"Impale The Soul"

Visit "[Impale The Soul](#)" on MotoLyrics.com

Mangled thoughts and twisted visions
Of blasphemies upon this earth
Rotting Christ of new religions
Spawned from fire to destroy the earth
Procreation of new being
Destined thoughts in our minds
Gods fall and death we are seeing
False religion left behind

Impale the Soul of Christ
on the Inverted Cross of Death

Holy Mary burnt to death
Decaying Jesus of the weak
Churches fall to waste and ruin
Knowledge of death is what they seek
Christian death blackened being
Satanic reign God is fleeing
Stabbing dagger blood starts
Tattered entrails pumping heart
Impale the Soul of Christ
on the Inverted Cross of Death

God will come and die again
There is no holy where there is sin
Vile semen contorts the birth
Spawn of fire to destroy the earth
Now the earth is dominated
Invert the cross Christ is hated
Unholy Mary church is burning
Blood and death violence yearning
