Verse 1

Thank god, cus' i dont need this
I was smiling as i walked in
You wiped the smile right off my face
Give me a second before i begin

Verse 2

Thank god cus' i just needed
A weight to be lifted off my shoulders
Since today i have been feeling
Like i was backed down into a corners

Bridge

I'll sing you a sad song
So you can drown your sorrows

Chorus

Just wait, you'll be
A million miles away from me
When i say that i am
Feeling a whole lot better
Just wait, you'll see
That with your childish little frown
You were only bringing me down

Verse 3

Hey you i heard you needed
Something to make you smile wider
Have you heard that i have seen it
A future that is so much brighter

Bridge

I'll sing you a sad song
So you can drown your sorrows

Chorus

Just wait, you'll be
A million miles away from me
When i say that i am
Feeling a whole lot better
Just wait, you'll see
That with your childish little frown

You were only bringing me down

Middle 8 x2

So smile like you mean it
Make me believe it
I am sick of you
You think that you're a know-it-all
Pride comes before a fall
You're starting to un-do

Bridge

I'll sing you a sad song
So you can drown your sorrows

Chorus

Just wait, you'll be
A million miles away from me
When i say that i am
Feeling a whole lot better
Just wait, you'll see
That with your childish little frown
You were only bringing me down

You're only bringing me down
