[v1]

Just a pause and  
Nothing more  
Just a second  
To count the moments we've been waiting for

[Bridge]

Will you go quietly  
Or put up a fight  
Will you inspire me  
Or deny...

[Chorus]

We're running from the unknown  
What do we know?  
We don't know  
Where are we going  
All we know is that yesterday  
We were alive full of life  
And now we're going, going down

[v2]

Just light that we'll  
We'll ignite  
So small and slight  
It is what we've all been waiting for

[Bridge]

Will you go quietly  
Or put up a fight  
Will you inspire me  
Or deny...

[Chorus]

We're running from the unknown  
What do we know?  
We don't know  
Where are we going  
All we know is that yesterday  
We were alive full of life

And now we're going, going down

We're going down

[Bridge]

Will you go quietly

Or put up a fight

Will you inspire me

Or deny...

[Chorus]

We're running from the unknown

(This is all we know)

What do we know?

(This is all we know)

We don't know

Where are we going

(This is all we know)

All we know is that yesterday

(This is all we know)

We were alive full of life

And now we're going, going down

We're going down

We're going down

We're going down
