Talk to me and watch me crumble
You will see you got mine down

Faithfully I will look over
There I'll find what you've become

(What you've become)

(Chorus)
You help me lose my mind
And you believe something I can't define
Help me lose my mind, make me run back
What if all before
Keep, I need more time,
How much longer?
Oh I've been waiting for

Jealousy will be washed over
Carefully we look on through

Could it be easy to start over?
Sound how I will bring you too

(What you've become)

(Chorus)
You help me lose my mind
And you believe something I can't define
Help me lose my mind, make me run back
What if all before
Keep, I need more time,
How much longer?
Oh I've been waiting for

(Bridge)
I've been waiting waiting waiting
I've been waiting waiting waiting
I've been waiting waiting waiting
I've been waiting waiting waiting
I've been waiting waiting waiting
I've been waiting waiting waiting

(Chorus)

You help me lose my mind

And you believe something I can't define

Help me lose my mind, make me run back

What if all before

Keep, I need more time,

How much longer?

Oh I've been waiting for
