[v1]

All the world is a stage  
Every book has a page with tear stains  
Every painting a frame  
All the memories portrayed in beautiful ways  
All the stories you told me  
Never one which i could be set free  
And the moral was ugly  
You refused to ever tell me you loved me

[Chorus]

I lost a life  
Waiting for you  
To change your mind  
Waiting for you  
Go on take a stab at me  
Take a blind stab into my heart  
Do you know how we can  
Re-write the story from the start

[v2]

I took apart all the morals  
And i started to erase all of the chapters  
I told the girl in the story  
That for her happy ending we'd need to adapt her

[Chorus]

I lost a life  
Waiting for you  
To change your mind  
Waiting for you  
Go on take a stab at me  
Take a blind stab into my heart  
Do you know how we can  
Re-write the story from the start

[m8]

All the stories  
That you told me  
Can i be free  
All the stories  
That you told me

Can i be free

[Chorus]

I lost a life

(I lost a life)

Waiting for you

(Waiting for you)

To change your mind

Waiting for you

(Waiting fo you)

Go on take a stab at me

(Waiting for you)

Take a blind stab into my heart

Do you know how we can

Re-write the story from the start
