(Verse)

There are voices in my head  
And my heart is heart is trying hard to drown them out  
I keep hearing what they say  
They can space me into what they're all about

(Verse)

Well power slips away  
And I'm weakening with every word they say  
So I contemplate my faith  
As I do, the whisper turns into a shout

(Pre-Chorus)

You bring out the voices inside of me  
Can't stop from a place that I can't reach  
I would love to practice what I preach  
You bring out the voices inside of me

(Chorus)

I tried to resist but you caught me  
I tried to dismiss what you taught me  
I tried to resist but you caught me  
I tried to dismiss what you taught me

(Verse)

Risking everything I had  
I was keen to find the worst that I could do  
Throw this sanity away  
Brought destruction to the people that I know

(Verse)

My hurt became a cage  
I became a puppet on the stage  
And even though we're not okay  
The feeling brings me blush all the same, all the same

(Pre-Chorus)

You bring out the voices inside of me  
Can't stop from a place that I can't reach  
I would love to practice what I preach  
You bring out the voices inside of me

(Chorus)

I tried to resist but you caught me

I tried to dismiss what you taught me

I tried to resist but you caught me

I tried to dismiss what you taught me
