Didn't know what to get you
Ordinary just wouldn't do
But I found
the perfect gift
For you
Now I got it all ready
But it's not wrapped in
red or green
Come and sit down beside me here
Underneath the christmas tree

We've got mistletoe and fire light
On this cold Decemeber Night
The snow outside will set the moon
As I sing my song for you!

I hear church bell ringing
Carolers singing harmony with me now
You are looking so lovely,yeah
Even if the light out

We've got mistletoe and fire light
On this cold Decemeber night
The snow outside will set the moon
As I sing my song for you!
You're so beautiful
I hope you see what I see
(see it yeah)
Every word is meant to show you
How much you mean to me
We've got mistletoe and fire light
On this cold Decemeber night
The snow outside will set the moon
As I sing my song
We've got mistletoe and fire light
On this cold Decemeber night
The snow outside will set the moon
As I sing my song
Sing my song
Sing my song for you
(Instrumental)
