

## Nural "Forgive Me"

Visit "[Forgive Me](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I share the burdens  
Carried on the heart of one in need  
Knowing I'm weighed down as well  
And I don't question my direction  
But intentions for this saving  
Slowly losing this heart

And now what have I done  
My reach, falling short just when you needed me  
And I won't bring myself to care  
Forgive me, I rely on my own knowing  
And we see where it's taking me

I share the burdens  
Carried on the heart of one in need  
Knowing I'm weighed down as well  
And I don't question my direction  
But intentions for this saving  
Slowly losing this heart

Now what have I done  
My reach, falling short just when you needed me  
And I won't bring myself to care  
Forgive me, I rely on my own knowing  
And we see

That this bridge is burning  
And I don't wish to smother it, but get warm  
This bridge is burning  
And I don't wish to smother it, but get warm

And now what have I done  
My reach, falling short just when you needed me  
And I won't bring myself to care  
Forgive me I rely on my own knowing  
And we see

Lord, what have I done  
My reach obtaining only that which could end me  
So don't be caught in crossfire  
Forgive me, I rely on my own knowing  
And we see where it's taking me
