Here's your free ride
Hurry hang on for dear life
As it takes you nowhere
If we live and we learn
Then why do we test this flame?
When we know its gonna burn

Just take a chance or you'll never know
Would you rather live your life wondering
Who could ever say no to this feeling

Are you happy now
Don't say its not worth dying for
Cause you'll be coming back for more

Last chance, don't choke
You could hang on or let go
Either way we all fall
Don't fight the feeling...
Its more than you can take

Just take a chance or you'll never know
Would you rather live your life wondering
Who could ever say no to this feeling

Are you happy now
Don't say its not worth dying for
Cause you'll be coming back for more
I wouldn't lie, there's no need
Cause soon you'll know just what I mean
You'll know just what I mean

Here's your free ride
Hurry hang on for dear life
As it takes you nowhere
If we live and we learn
Then why do we test this flame?
It always burns

Don't fight the feeling...

Are you happy now

Don't say its not worth dying for
Cause you'll be coming back for more
I wouldn't lie, there's no need
Cause soon you'll know just what I mean
You'll know just what I mean
