How long until I find the strength  
To lift this lover's curse  
'Cause in my head it's surfaced  
But otherwise unearthed

And superstitions got me thinking  
When will it all end?  
I wish this curse on no one

When she walks inside my world you'll know it  
Call me crazy if I try  
You're prob'ly right

When she walks inside my world you'll know it  
Call me crazy if I try,  
'Cause I know you're right  
When she walks inside

And I wait until I find the strength  
To break this lovers curse  
'Cause in my head it's ruptured  
But clearly never burst

And you won't find  
My cure anytime soon  
So let these days be numbered  
When she walks inside my world you'll know it  
Call me crazy if I try  
You're prob'ly right

When she walks inside my world you'll know it  
Call me crazy if I try,  
'Cause I know you're right  
(2x)  
You're right  
When she walks inside

How long until I find the strength  
To lift this lover's curse?  
'Cause in my head it's surfaced  
In my head it's surfaced  
(3x)

Then she walked inside  
(Then she walked inside my world)  
Then she walked inside, yeah  
(2x)
